

Voice Lessons at SCIS

The SCIS Choir Department has exceptional voice teachers on staff this school year. Students who are serious about choir and singing are strongly encouraged to study privately with one of these outstanding teachers. Each student will have a 22-minute private lesson once a week during his/her choir period. The cost is \$20 per lesson.

If you choose to sign up for voice lessons, you will be contacted by a private instructor with more information. Spaces are limited and will be filled on a first-come, first-served basis.
